Mike Cox  
Attorney General  
P.O. Box 30212  
Lansing, MI 48909

Dear Attorney General Cox:

Thank you so much for the opportunity to have your staff come and talk to the students of Allegan Public Schools about Internet safety. Internet safety and cyber bullying are serious issues affecting the youth of today and your message emphasized what we teach our students in technology classes.

We were happy to not only have you present your program to our students during the day and host a community night, but also make a special presentation to our entire district staff. Many staff commented on how it "opened their eyes" to the very real threats that exist on the Internet.

With school budgets being consistently stretched for resources, it was wonderful that this program was offered free of charge. This is an important service that we would not have been able to offer our students, teachers and other staff, had it not been provided by your office.

In short, the program you offered was informative and effective. Staff members have informed me that it was a pleasure to work with your staff, and the facilitators were very knowledgeable and enthusiastic about the message they shared. I would highly recommend your program to other school districts!

Sincerely,

Kevin Harness  
Superintendent
